

TEAM NAME : INFINITY

TEAM LEAD : SPANDANA B

PROBLEM: VISUALLY IMPAIRED PEOPLE OR BLIND PERSONS FACE A LOT OF DIFFICULTIES IN MOVING FROM ONE PLACE TO ANOTHER BECAUSE OF THEIR BLINDNESS, MANY OF THEM TEND TO FALL OR GET INJURED WHILE WALKING.

SO WE THOUGHT OF MAKING THEM A SHOE WHICH IS SMART ENOUGH TO PREVENT THEM FROM COLLIDING OR GETTING INJURED FROM OBSTACLES. ALSO EVADE FROM FALLING BY POTHOLES OR UNEVEN SURFACE ALSO PROVIDING DIRECTIONS BY VIBRATIONS.
